What We Do

We aim to empower people to play an active and informed role in their own or their child's education. We do this by providing the following services:

Information: On our website and social media pages, as well as at events and talks around Hampshire.

Advice: Via our helpline, web chat and email services.

Support: From an assigned support worker or volunteer either on the phone, on email or face to face.

This service is available to children and young people with SEND and parents who are unable to advocate for their child.

We can provide information, advice and support about a range of topics including:

- Listen to your views and concerns and help you to explore your options.
- Your own or your child's rights around education, health and care.
- SEND support in schools, early years and post 16 settings.
- Exclusions.
- Preparing for and attending meetings.
- The statutory assessment process towards an Education Health and Care Plan (EHCP).
- Disagreements, mediation and appeals to the SEND tribunal.
- Local services and support groups.
